

## Grading Rubric for MIDI Cover Song

<b>Item</b>	<b>0</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>
<b>Harmony Track</b>	The project does not contain a harmony track. A chord diagram has not been submitted.	The harmony track is present in very small amounts of the project. The chords bear a very slight resemblance to those in the chord diagram and/or original song.	The harmony track is only present about half of the time. There are several discrepancies between the chords in the project and those in the chord diagram.	The chords used for the harmony track are slightly inaccurate. There are minor discrepancies between the chords in the project and those in the chord diagram.	A harmony track is present throughout the project. The chords are accurate (compared to the original song), and they match the chord diagram.
<b>Bass Track</b>	The project does not contain a bass track.	The project contains a very short bass track that does little to support the song's harmonic structure.	A bass line is present about half of the time. The bass line does very little to support the song's harmonic structure.	A bass line is present for the majority of the project. There are times where the bass line does not support the song's harmonic structure.	A bass line is present throughout the project. The bass line clearly outlines and supports the song's harmonic structure.
<b>Rhythm Track</b>	The project does not contain a rhythm track.	The project contains a very short rhythm track that does little to support the song's rhythmic structure.	A rhythm track is present about half of the time. The rhythm track does very little to support the song's rhythmic structure.	A rhythm track is present for the majority of the project. There are times where the rhythm track does not support the song's rhythmic structure.	A rhythm track is present throughout the project. The rhythm track clearly outlines and supports the song's rhythmic structure.
<b>Quantizing</b>	None of the song's tracks have been quantized.	A very small amount of the song has been quantized accurately.	Approximately half of the song has been quantized accurately.	The majority of the song has been quantized accurately, but a few sections or spots were missed.	The entire project has been quantized accurately.
<b>Song Content</b>	Song has no completed sections. (i.e. verse, chorus, etc.)	The song has one or more completed sections, but has very little continuity.	The song meets approximately half of the required length.	The length requirement (equivalent of 2 verses and 2 choruses) was nearly met, but falls a bit short.	The length requirement (equivalent of 2 verses and 2 choruses) was met.
